

G MOXIL CV Kid Tablet

Amoxicillin and Potassium Clavulanate Uses in Pediatric Infections

G MOXIL CV Kid Tablet is a pediatric antibiotic formulation containing Amoxicillin 200 mg and Clavulanic Acid 28.5 mg in dispersible tablet form. It is widely prescribed by pediatricians for the treatment of bacterial infections in children. This combination provides broad-spectrum antibacterial activity and helps eliminate infection-causing bacteria responsible for respiratory, ear, throat, and urinary infections in children.

Composition

Brand Name	G MOXIL CV Kid Tablet
Generic Name	Amoxicillin + Potassium Clavulanate
Strength	Amoxicillin 200 mg + Clavulanic Acid 28.5 mg
Manufacturer	Green Cross Remedies

Uses and Indications

- Respiratory tract infections in children
- Throat and tonsil infections
- Sinus infections
- Ear infections (otitis media)
- Urinary tract infections
- Skin and soft tissue infections
- Dental infections
- Pneumonia and bronchitis
- Post-surgical infections
- Bone and joint infections

Key Features

- Active against beta-lactamase producing bacteria
- Broad-spectrum antibacterial activity
- Proven and reliable antibiotic combination
- Stable in the presence of gastric acid
- Convenient dispersible tablet for children

Mechanism of Action

Amoxicillin works by inhibiting bacterial cell wall synthesis leading to bacterial death. Clavulanic acid acts as a beta-lactamase inhibitor and protects amoxicillin from degradation by resistant bacteria, allowing the antibiotic to remain effective against a wider range of bacterial infections.

Dosage and Administration

- Dissolve the dispersible tablet in a small amount of water before administration
- Give with or after food to reduce stomach upset
- Dose depends on child's age, body weight, and severity of infection
- Always follow the pediatrician's prescribed dosage
- Ensure the complete antibiotic course is finished

Possible Side Effects

- Mild diarrhea
- Nausea or vomiting
- Stomach discomfort
- Skin rash
- Headache

Precautions

- Avoid in children allergic to penicillin antibiotics
- Use cautiously in liver disease
- Use cautiously in kidney disorders
- Consult pediatrician before administration
- Monitor for allergic reactions

Storage Instructions

- Store below 25°C
- Keep in a cool and dry place
- Protect from moisture and sunlight
- Keep out of reach of children

MRP: Rs. 112.00 per 10 Dispersible Tablets
