AZIGO 250 Tablet – Azithromycin 250 mg

Composition & Strength:

Each film-coated tablet contains Azithromycin Dihydrate IP equivalent to Azithromycin 250 mg.

Azithromycin 250 mg Uses:

- Throat infection and tonsillitis
- Sinus infection
- Chest infection and bronchitis
- Mild pneumonia
- Skin and soft tissue infection
- Certain ear infections
- Respiratory tract infections
- Selected urinary tract infections (as per physician advice)

Mechanism of Action:

Azithromycin belongs to the macrolide class of antibiotics. It binds to the bacterial 50S ribosomal subunit and inhibits protein synthesis, thereby preventing bacterial growth.

Dosage (Adults):

Typically 250 mg once daily for 3–5 days, or 500 mg on Day 1 followed by 250 mg daily for 4 days, as prescribed by a physician.

Possible Side Effects:

Nausea, diarrhea, stomach discomfort, headache, mild vomiting. Rare but serious reactions include allergic response, liver changes, or irregular heartbeat.

Storage:

Store below 25°C. Protect from moisture and sunlight. Keep out of reach of children.

MRP: ■73.00

AZIGO 250 Tablet is manufactured by GREEN CROSS REMEDIES, a WHO-GMP certified pharmaceutical company in India ensuring consistent quality, safety, and reliable antibacterial efficacy.
