ROVIXIM AZ TABLET

Cefixime and Azithromycin Combination for Broad-Spectrum Infection Management

Product Overview

Cefixime and azithromycin is a widely prescribed dual antibiotic therapy designed to manage a broad range of bacterial infections. Rovixim AZ Tablet combines Cefixime 200 mg and Azithromycin 250 mg with Lactic Acid Bacillus to enhance therapeutic outcomes while maintaining gut balance. It is recommended as a broad spectrum antibiotic tablet for respiratory, ENT, gastrointestinal, and urinary tract infections.

Composition – Each Film-Coated Tablet Contains

- Cefixime Trihydrate I.P. eq. to Anhydrous Cefixime – 200 mg
- Azithromycin Dihydrate I.P. eq. to Anhydrous Azithromycin – 250 mg
- Lactic Acid Bacillus – 2.5 million spores

Indications & Uses

Respiratory infections, ENT infections, sinusitis, enteric fever (typhoid), gynecological infections, urinary tract infections, urogenital infections, and mixed bacterial infections requiring dual coverage.

Mechanism of Action

Cefixime inhibits bacterial cell wall synthesis causing bacterial death. Azithromycin inhibits bacterial protein synthesis preventing growth and replication. Lactic Acid Bacillus supports intestinal flora and reduces antibiotic-associated diarrhea.

Dosage

Typically taken once daily or as prescribed for 3–5 days. Swallow whole with water. Follow physician instructions strictly to prevent resistance.

Side Effects

Nausea, vomiting, diarrhea, abdominal discomfort, headache, mild skin rash. Seek medical attention in case of severe allergic reactions.

Contraindications & Precautions

Hypersensitivity to cephalosporins or macrolides, severe liver impairment, history of antibiotic-associated colitis. Use in pregnancy and lactation only under supervision.

Drug Interactions

Antacids containing aluminum or magnesium, blood thinners, cardiac rhythm medicines, and other antibiotics.

Storage

Store below 25°C. Protect from moisture and direct sunlight. Keep out of reach of children.

MRP

Cefixime Azithromycin Tablet Price – Rovixim AZ Tablet (MRP): 299.70

Manufacturing Excellence

Rovixim AZ Tablet is manufactured by Green Cross Remedies, a trusted cefixime azithromycin tablet manufacturer in India offering contract manufacturing, export services, and PCD franchise opportunities. Manufactured in a WHO-GMP compliant facility ensuring quality, safety, and consistent therapeutic performance.

Expert Advice

- Take exactly as prescribed by a healthcare professional.
- Do not skip doses or discontinue therapy prematurely.
- Avoid self-medication and sharing antibiotics.
- Take with food to reduce gastric discomfort.
- Maintain adequate hydration during treatment.
- Stop immediately and consult your doctor if allergic reactions occur.
- Avoid alcohol consumption during treatment.
