BRODEX G Tablet

Cough Tablets for Dry Cough and Cold Relief

Product Overview

Respiratory infections such as the common cold, seasonal allergies, and upper respiratory tract irritation frequently lead to persistent coughing, sneezing, nasal blockage, and throat irritation. BRODEX G Tablet is a well-balanced cough and cold combination tablet designed to relieve multiple symptoms in a single dose. It works as a triple-action cough suppressant tablet controlling dry cough while reducing nasal congestion and allergy-related symptoms.

Composition

Composition	Strength
Dextromethorphan Hydrobromide	10 mg
Phenylephrine Hydrochloride	5 mg
Chlorpheniramine Maleate (CPM)	2 mg

Uses and Indications

- Dry cough and throat irritation
- Common cold and flu symptoms
- Allergic cough and sneezing
- Runny nose and watery eyes
- Nasal congestion and sinus blockage
- Upper respiratory tract infections

Mechanism of Action

Dextromethorphan Hydrobromide: Suppresses cough reflex by acting on the cough center in the brain.

Phenylephrine Hydrochloride: Works as a nasal decongestant by reducing swelling in nasal passages.

Chlorpheniramine Maleate: An antihistamine that reduces allergy symptoms such as sneezing and runny nose.

Dosage

Usually 1 tablet two to three times daily depending on the severity of symptoms or as directed by the physician.

Possible Side Effects

Drowsiness, dizziness, dry mouth, nausea, headache. Consult a healthcare professional if symptoms persist or worsen.

Storage

Store below 25°C in a cool and dry place. Keep away from moisture and direct sunlight. Keep out of reach of children.

Price

MRP: Rs. 50.00 per 10 Tablets
