Cyproheptadine Hydrochloride and Tricholine Citrate Syrup for Appetite & Weight Gain – HEPTICO Syrup

HEPTICO Syrup is a clinically formulated appetite stimulant containing Cyproheptadine Hydrochloride 2 mg and Tricholine Citrate 275 mg in a palatable sorbitol base. The formulation is designed to help improve appetite, support liver function, and promote healthy weight gain in children and adults experiencing appetite loss, nutritional deficiency, or weakness.

Composition (Per 5 ml)

Ingredient	Quantity
Cyproheptadine Hydrochloride	2 mg
Tricholine Citrate	275 mg
Sorbitol Base	q.s.

Key Benefits

- Stimulates appetite and improves hunger signals.
- Supports liver function and fat metabolism.
- Helps promote healthy weight gain.
- Improves digestion and nutritional absorption.
- Palatable sorbitol base suitable for children and adults.

Indications / Uses

- Loss of appetite in children and adults
- Underweight conditions
- Nutritional deficiency and weakness
- Digestive weakness
- Liver support and recovery after illness

Mechanism of Action

Cyproheptadine Hydrochloride: A first-generation antihistamine that blocks H1 receptors and also exhibits antiserotonergic activity, which helps stimulate appetite and reduce allergic symptoms.

Tricholine Citrate: Supports liver function by improving fat metabolism and bile secretion. It assists in processing lipids and helps maintain digestive health.

Sorbitol Base: Improves palatability and supports digestion.

Dosage & Administration

Dosage should be taken strictly as directed by a healthcare professional.

Children: As prescribed by the physician.

Adults: Usually 2–3 times daily or as directed.

Possible Side Effects

- Drowsiness
- Dry mouth
- Mild dizziness

- Increased appetite
- Digestive discomfort

Storage

Store below 25°C. Protect from direct sunlight. Keep the bottle tightly closed. Keep out of reach of children.
