Toothpaste for Sensitive Teeth - GARDENT F Advanced Care

GARDENT F Toothpaste is a scientifically formulated solution designed to reduce tooth sensitivity, strengthen enamel, protect against cavities, and support gum health — all in one medicated formula.

Powerful Triple-Action Formula

- Potassium Nitrate 5% w/w – Calms nerve endings and provides effective relief from tooth sensitivity.
- Sodium Monofluorophosphate 0.7% w/w – Strengthens enamel and protects against cavities.
- Triclosan 0.3% w/w – Controls plaque and provides antibacterial protection for gums.

Key Benefits

- Effective relief from hot and cold sensitivity
- Fights cavity-causing bacteria
- Strengthens enamel for long-term protection
- Helps manage bleeding gums and gum infection
- Provides tooth pain relief and supports oral hygiene

Uses & Indications

- Tooth sensitivity due to enamel erosion
- Cavity prevention
- Gum recession and exposed dentin
- Early-stage gum problems
- Antibacterial protection for gum health

Mechanism of Action

Potassium Nitrate blocks nerve transmission responsible for pain. Sodium Monofluorophosphate enhances remineralization of enamel. Triclosan reduces bacterial growth and inflammation.

Dosage & Directions

Brush twice daily using a pea-sized amount. Avoid swallowing. Consistent use ensures progressive relief and protection.

Precautions

Not recommended for children below 12 years unless advised. Discontinue use if irritation occurs. Store below 25°C and away from sunlight.

Price: ■ 93.46 / 50 gms
