Rabeprazole Sodium and Domperidone Capsules for GERD & Acidity Relief - RALE DSR Capsule

Rabeprazole sodium and domperidone capsules are recommended for acid reflux, heartburn, gastritis, and indigestion. RALE DSR Capsule contains Rabeprazole 20 mg (Enteric Coated) and Domperidone SR 30 mg. It is widely prescribed for GERD treatment, acidity relief, bloating, and nausea management. Manufactured by Green Cross Remedies.

Composition & Pharmacological Class

- Rabeprazole Sodium 20 mg (Enteric Coated) – Proton Pump Inhibitor (PPI)
- Domperidone 30 mg (Sustained Release) – Prokinetic & Anti-emetic Agent

Indications

GERD, Peptic Ulcer Disease, Nausea & Vomiting, Gastroparesis, Functional Dyspepsia, IBS.

Mechanism of Action

Rabeprazole reduces stomach acid by blocking the proton pump. Domperidone enhances gastric motility and reduces nausea.

Dosage & Administration

One capsule daily before meals. Swallow whole. Follow medical advice for duration.

Benefits

- Rapid heartburn relief
- 24-hour acid control
- Reduces bloating & nausea

Side Effects & Precautions

Headache, dry mouth, abdominal discomfort, dizziness. Use cautiously in liver or cardiac conditions.

Contraindications

Avoid in severe liver impairment, cardiac arrhythmias, prolactin tumors, or PPI hypersensitivity.

Storage

Store below 25°C. Protect from moisture & light. Keep out of reach of children.

MRP: ■102.00 per 10 Capsules
